

Request C

To Whom it May Concern,

There is a condition for a Wood Destroying Insect Inspection Report that is on the notice of value that I was sent. I would like this condition to be waived. I'm trying to purchase a townhouse style condominium, located at 70 Smithtown Road, Santa Fe, NM. Dan Calahan, the seller's real estate agent, told me that VA does not require termite inspections on condominium properties and it would be a waste of money.

Thank you for your time.

Sincerely,

Lewis Gallego
